The seller agrees to transfer the described item to the buyer on the stated payment and delivery terms. The parties must separately complete any required title, registration, disclosure or lien-release process.

The condition and defects recorded here are the parties' description of the item. This document does not disclaim a warranty or remedy that cannot lawfully be excluded, cancel an express promise or excuse fraud or misrepresentation.

The seller identifies the disclosed liens and title restrictions below. No statement in this record confirms that a lien has been paid, that an agency has transferred title or that a third party has consented.

## 4. Signatures

---

Read the full document and the execution notes before signing. A signature records the stated agreement; it does not complete an agency transfer. Add signature pages for every additional owner whose signature is required.

## Agency checklist and sources

---

Kansas boat-registration instructions accept the specified bill and prior ownership evidence.

The reviewed agency source does not establish a universal notary or witness rule for a separate private-sale bill. Title, application, special-ownership and other documents can have their own execution requirements.

Use the agency's boat bill where it fits the transaction.

A statement that another state may need notarization is not a Kansas-wide notary rule.

Keep an included trailer's road-registration paperwork separate.
