The seller agrees to transfer the described item to the buyer on the stated payment and delivery terms. The parties must separately complete any required title, registration, disclosure or lien-release process.

The condition and defects recorded here are the parties' description of the item. This document does not disclaim a warranty or remedy that cannot lawfully be excluded, cancel an express promise or excuse fraud or misrepresentation.

The seller identifies the disclosed liens and title restrictions below. No statement in this record confirms that a lien has been paid, that an agency has transferred title or that a third party has consented.

### Odometer record

---

Complete the required disclosure on the title or state-approved secure document. This section is a supporting record and does not replace that disclosure. Federal law requires truthful mileage disclosure; false statements can lead to fines or imprisonment.

Use this section only for a non-exempt self-propelled vehicle: 2011 or newer models remain subject for 20 model years; 2010 and older use 10. GVWR over 16,000 lb and non-self-propelled vehicles are exempt.

☐ Actual mileage   ☐ Exceeds mechanical limits  
☐ Not actual mileage - WARNING: ODOMETER DISCREPANCY

The buyer acknowledges the disclosed mileage. Both parties must also complete the agency's required title or disclosure document.

## 4. Signatures

---

Read the full document and the execution notes before signing. A signature records the stated agreement; it does not complete an agency transfer. Add signature pages for every additional owner whose signature is required.

## Agency checklist and sources

---

Ohio's title process requires the applicable assigned title and transfer paperwork; a private sale record is supplementary.

The reviewed agency source does not establish a universal notary or witness rule for a separate private-sale bill. Title, application, special-ownership and other documents can have their own execution requirements.

For an ordinary paper title, the seller must have the assignment signature notarized. For an eligible electronic-title casual sale, BMV 3770 requires seller and buyer signatures notarized on its separate pages. Neither instruction makes an ordinary private sale record a substitute for the title documents.

A bill of sale does not independently issue a new certificate of title.

Check the title office's procedure for the actual ownership-document type.
